Order online at [OLDSPARTS.COM/SHOP](http://OLDSPARTS.COM/SHOP)

**BROTHERS AUTOMOTIVE PRODUCTS**

*Spring / Summer 2018*

# We specialize in Oldsmobiles

For 38 years, BAP has been manufacturing and providing superior quality parts, restoration supplies and services to the Cutlass and 442 owner exclusively!

We have developed a strong reputation for quality parts and value, that's how we became America's leading Cutlass and 442 parts supplier. We are passionate about these cars and appreciate our fellow enthusiasts who restore them. Real people who have worked on these cars answer our phones! Our least experienced team member has been with us for 14 years.

We make hundreds of Oldsmobile parts. We have the largest selection of Cutlass, 442 and Hurst/Olds parts available. We also began purchasing the obsolete parts inventories of many of the midwest Oldsmobile dealers in the late 1970's; due to this, we have the largest supply of NOS Oldsmobile parts available anywhere. In addition, we also maintain a collection of good used parts and rare options from over 300 parts cars. New, used or NOS, we are confident that if you are working on a Cutlass or 442, we will have what you need.

You can't buy better quality parts anywhere, at any price, than from Brothers Automotive Products. Buy Direct and Save! All items sold by us will pass judging at any OCA club event when properly installed.

We stock the parts listed in this catalog and ship most orders the same day they are placed. In stock orders placed by 3 P.M. central time almost always ship the same day. Due to our central location in Kansas City, your in stock orders will almost always be received by you within 3 business days. You will not experience the backorders and delays you may have experienced with some of the discount or multi-line vendors.

For the best quality parts delivered to your door when you need them, call us at 1-800-442-PART or 913-764-0403.

# Seat Foam Sets and Spring Assemblies

## Original Style Bucket Seat Spring Assembly

Do you feel like you're going to go through the floor when you sit down in your Olds? If so these bucket seat replacement springs are the answer to your problems! Seat back springs and seat bottom springs are sold separately. Our bottom springs include the side support springs. Order one of each for each bucket seat.

## Original Style Seat Foam Buns

These 1964-72 Bench Seat Foam Seat Buns are duplicates of your originals, not cheap "one size fits all" models that you have to glue together and trim to get your seatcovers on. These seat buns will give you a better finished look and feel than any other seat bun available at any price.

### Bench Seat

One set does 1 bench seat. Each set includes two molded back rest cushions and one molded bottom cushion complete with attaching cloth.

# Dash and Console Parts

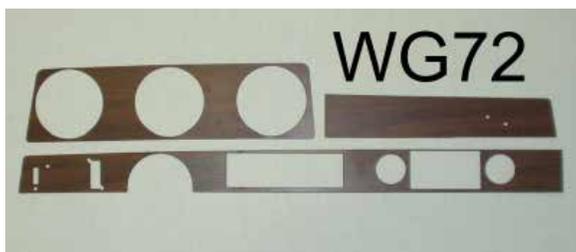

## 1968-1972 Cutlass and 442 Dashboard Woodgrain Appliques

These die cut Dash and Console Woodgrain Appliques are perfect for restoring your dash after the plastic has been replaced. These woodgrain inserts feature the correct woodgrains flame laminated to steel in the exact size and shape of the originals. Correct textured wood pattern and color perfectly replaces burned, torn, or peeling originals. This dash woodgrain is also useful when your dash has been cut for an aftermarket radio. Just replace your woodgrain and re-install the original radio for a factory new look! Note: The 1968 Hurst/Olds woodgrain is real wood, as original.

# Dash and Console Parts

## Dash Glove Box Liners

We have reproduced these Glove Compartment Box Liners to replace your worn originals. These are exact reproductions. 1964-67 models have a plastic portion that must be reused. All liners are supplied assembled, not flat, with the attaching nuts already installed. Our liners are made of premium board with the original flocked interior. The flocking on our glove box liners is correct and tough and will not fall off.

# Factory-Molded Carpet, Floor Mats & Sill Plates

## Factory Molded Carpet Sets

1964-1994 Molded Carpet Sets: Our carpets are not only the correct blends, they are also the correct heavyweight materials specified as original equipment by General Motors. All 1964-73 Carpet sets are 80-20 blend and the 1974-1994 sets are cut pyle, as original. Carpets are supplied in sets of front and rear only. All carpet sets include a new dimmer switch grommet, jute backing, and harmonizing heel pad and binding. These carpets are cut to the original manufacturer's specifications with pressure molded floor pan areas for an exact fit and easy installation. We must know if you have bench or bucket seats, automatic or 4 speed trans., with or without console. We stock all the factory colors for all models. For 1973 -94 cars, when ordering any color other than black we suggest that you send a small clean sample of the color you require. The best place to locate a clean sample is under the door sill plate. Please do not be fooled by higher or lower prices-these are the finest, best fitting, show winning automotive carpets available at any price. As with all interior components sold by us, carpets are guaranteed to pass judging at all club events when properly installed.

## Carpet Underlayment Sets

These die cut Carpet Underlayment sets replace the sound deadening and insulating material found underneath the carpet in all 1964-87 models. The original material is often dried out, cracked or torn and cannot be reused. The biggest reason to use this product is to suppress the unwanted 'drumming' sounds of tire and road noise inside the car, making your old car almost as quiet on the inside as your new car. The sound deadening capabilities alone make this product worth twice the price. If you like a quiet interior, try this product! Note: Don't be confused by the inferior tar paper type of underlayment being sold by some -we have tested both products and the sound deadening performance of the rubberized type is vastly superior by comparison.

# Emblems

All of the emblems listed are excellent reproductions that have been inspected and licensed by General Motors, and are the finest available anywhere. Our reproduction high pressure die cast emblems have the correctly painted or textured finishes, as well as the G.M. part numbers on them and cannot be told from original. Fasteners are included with almost every emblem listed.

| <b>1970-1972</b> Supreme hardtops | DFP7072 | 127.00 |

## 1969-72 W-35 Rear Spoilers

These Super Show Brand™ Oldsmobile W-35 rear spoilers are by far the very best available. They feature the detachable pedestals, original mounting locations, and by far the best out of the box finish. Guaranteed to pass judging at any club event. Yes-you can buy a cheaper reproduction-but the money you save on your spoiler purchase will more than be offset by the high cost of the finish work required before painting, and you will still have a piece of junk hanging off the back of your car! When it has to be right because it has to be perfect, order a Super Show Brand spoiler from Brothers Automotive Products!

*Please note: We do not wholesale this product!*

**W-35 Rear Spoiler \$239 each** | **1969-1972 PART # RS6972**

## Trunk Edge Moldings

These Stainless Trunk Edge Moldings attach to the lip of your trunk lid and are as original.

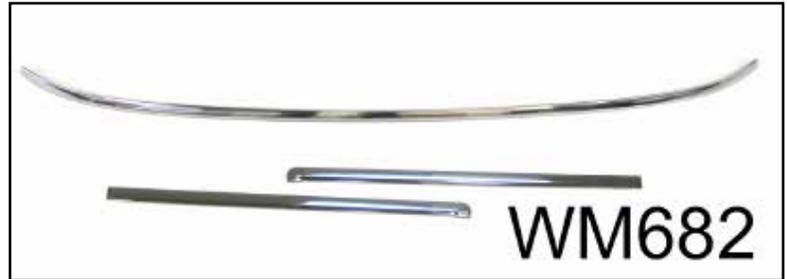

|                                  |        |        |

# Various Moldings

## 1973-1977 Quarter and Opera Window Moldings

New Quarter Window and Opera Window Moldings are now available for all 1973-1977 models. These chromed plastic moldings are made as original and will fit all cars with or without a vinyl top. You will need to re-use your small stainless corner moldings. We make two styles, The "S" style for all 1973-77 "S" models with the quarter windows that are basically triangular shaped and the Supreme style for all the Supreme, Brougham and Salon models.

|  | PART #  | PRICE      |
|--|---------|------------|
| <b>1973-77</b> Cutlass S and 442 Quarter Window Molding                | OWC737S | 165.00 pr. |
| <b>1973-77</b> Cutlass Supreme, Brougham, & Salon Opera Window Molding | OWC737  | 145.00 pr. |

## Windshield Moldings

New stainless windshield moldings. No upper windshield or side windshield moldings are available for the convertible at this time.

|   |         |            |
|---|---------|------------|

| Screws for Wheel Opening Moldings | 9863 | 19.95 Set  |

1970-1972 Wheel Opening Moldings fit all Cutlass, Cutlass S, 442 and Wagon models.  
1970-71 Supreme models will require trimming.

# Quarter Panels and Extension Moldings

## Quarter Panels

These reproduction quarter panels are of the highest quality, featuring nice body lines and the wheel well opening lip. These panels do not have the sail panels, but otherwise may be considered full panels. They cover from the front to the rear and the top to the bottom. Same gauge metal as the original General Motors sheetmetal. Brothers Automotive Products does several award winning restorations each year. We have used these panels ourselves with great results. If we do not use it here, we will not sell it to you. While some vendors will tell you there is only one manufacturer of most of these panels, we have used at least three different brands of reproduction quarter panels over the years. We sell you what we use here.

Unlike panels sold by other suppliers, these panels are returnable, customer pays all freight. The 1968-69 panels fit both hardtops and convertibles. The 1970-72 panels are available for Cutlass S / 442 models, and Supreme hardtop and convertible models.

All body panels must be shipped by truck, freight collect. As a result of our central location, and discounted freight rates available to most areas, we can save you big money on shipping. There is never an extra charge for shipping cartons or packaging.

# Floor Pans and Braces

## 1964-1972 Floor Pan Sections and Braces

Our reproduction floor pans are the best available. All floor panels listed below are 19 gauge automotive grade steel as original. All floor panels have been properly die stamped for excellent fit and appearance-with no relief cuts. Designed for 1964-1967 models, they will also fit 1968-1972 models with minor adjustments. (Three inches of the rear ledge must be removed from the rear edge of the rear floor for proper fit.) Convertible owners will have to modify the floor pans in the body mount areas. Full length floor pans are large and must be shipped truck freight collect. Front and rear half sections may be shipped via U.P.S. The floor pan braces are stamped steel and extend from one side of the car to the other. The front brace provides for mounting the front bolts on the front seat and the rear brace provides for the rear bolts on the front seat.

# Trunk Panel Sections & Braces

## 1964-1972 Trunk Floor Panels and Braces

Our reproduction trunk floor pans are also the best available. All panels listed below are die stamped 19 gauge automotive grade steel, as original. No relief cuts. All panels are properly formed for correct fit and appearance, including all the correct stamped ridges and welding ledges. The complete seven piece 1964-1967 and 1968-1972 trunk pans include all three trunk floor pieces, two body mount braces and two fuel tank braces. Floor Pan sections, body mount braces and fuel tank braces are available separately. Outer trunk panels include the body mount braces.

## Tan Flannel Car Covers

We have used these covers for years. We feel these are the best car covers available. These extra heavy duty tan flannel car covers are made from heavy duty canvas-like material with a soft, highly napped flannel underside. This extra heavy material has superior wear characteristics and does a much better job of withstanding and protecting your car from the sun-light. With the high cost of modern paint jobs, it makes sense to protect your investment. These covers are water repellent treated and mildew resistant.

## 1969 Rear Bumper Rubber Insert Option VE5

Used on select 1969 Cutlass and 442 rear bumpers, this rubber strip runs along the length of the rear bumper in slots provided by the VE5 bumper option.

| Year | Application      | PART # | PRICE |
|------|------------------|--------|-------|
| 1969 | VE5 Bumper Strip | BVE5   | 79.00 |

# Bumpers, License Brackets and Fuel Doors

## Front Fender Rubber Extensions

Rubber fillers attach to the fenders and fill the area between the fender and the bumper. Paint to match. Fits all 76-77 models.

| Year                                   | PART # | PRICE     |
|--|--------|-----------|
| 1976-77 Front Fender Rubber Extensions | FFE767 | 55.00 pr. |

## Rear Quarter Rubber Extensions

Rubber fillers attach to the rear quarters and fill the area between the quarter and the bumper. Paint to match. Fits all 76-77 Cutlass/442 2 door models.

| Year                                   | PART # | PRICE     |
|--|--------|-----------|
| 1976-77 Rear Quarter Rubber Extensions | RQE767 | 69.00 pr. |

## 1964-1972 Vista Cruiser and Wagon Rear Rubber Bumper Fillers

These rubber bumper fillers are located on either side of the rear bumpers. All fillers are made in plated aluminum molds that give the rubber a shiny glazed finish that exceeds the quality of the originals. All fillers are made of EPDM, an ozone-resistant rubber that should last for the life of your car. For 1964-69 Vista and Wagon front bumper fillers, see the section above.

# Convertible Tops, Accessories & Top Boots

## Convertible Tops and Accessories

Our Convertible Tops are made by the Original Equipment Manufacturer for G.M. These are the exact same top as came on your car from the factory. We offer the 42 OUNCE VINYL as originally installed by Oldsmobile. Positively the very best available and correct in every detail, these tops will pass judging at any show and they carry a 78 month warranty against peeling, cracking, splitting and shrinking.

All Glass Windows have a lifetime warranty against separation of the glass from the vinyl. A set of Top Pads, a set of Cables and a Well Liner are highly recommended with the purchase of any convertible top. Please state Year and Color when ordering. Most other factory colors are also available, please inquire. Convertible top installations are expensive.

When you want the very best order from Brothers Automotive. Convertible Top Weatherstrips are also available-see the weatherstrip section. We install convertible tops here and can help walk you through the installation process.

## Convertible Top Boots

The Convertible Top Boot is the most difficult trim part of a car to produce. We offer the finest 100% correct example that is unsurpassed by other suppliers. All of the original factory colors are available. In 1980, we inspected boots made by nine different companies before deciding to carry these boots. Our boots may cost a few dollars more, but they fit better than the others and will pass judging at any show. Protect that new top from premature wear with one of our show quality boots! Please state color and year when ordering.

# 1968-69 Outside Air Induction O.A.I. Components

## 1968 - 69 O.A.I. Air Cleaners and Bumper Scoops

These are nice reproductions of the 1968 & 69 Outside Air Induction Dual Snorkel Air Cleaners. The 1968 version has a square filter hole on the drivers side, and the 1969 version has the round filter hole on the passengers side, as original. Both include the chrome lid. The scoops are made from ABS plastic, and cannot be told from originals.

# 1970-72 Outside Air Induction O.A.I. Components

## New 1970-72 O.A.I. Air Cleaners

We now have our own exclusive Super Show Brand™ reproduction of the 1970-72 OAI Air Cleaners. The 1991 O.C.A. Nationals Best Of Class car featured our air cleaner. The assembly includes the following: The main body and door made of the correct black plastic (not fiberglass), new vacuum motor, and new foam seal. Specify engine size when ordering. This Product is absolutely indistinguishable from the original. This air cleaner is date stamped 1970 like the originals, has the part numbers on it just like the originals and will pass judging anywhere! All others on the market will not. To help avoid confusion, we do not wholesale this product at this time.

# Air Cleaner Components

## Aluminum Air Cleaner ID Plates and Retainers

These Aluminum Air Cleaner ID Plates and retainers will allow you to return your original air cleaner to like new condition. Traditionally we have sold the air cleaner decals listed in the decal section, but if you plan on showing your car, you now have these ID plates as a correct alternative. Plates are sold with a clear protective film-remove after installation.

# Wheel Identification

## SS1 Wheel

Introduced in 1966  
Option code PO5  
Size 14" x 6"  
PN 393822 in '66-'67 parts book  
and #405941 in June 1978 parts book

Five spokes, all chrome with area between spokes painted flat black; uses hub ornament with a black center insert with a rod rocket outlined in silver, held in place by a retainer and machine screws; you can identify this wheel by the number 795C and size 14 x 6JK stamped somewhere on the inside rim area. This wheel will not fit disc brake models.

Introduced in 1970  
Option code PO5  
Size 14" x 7"  
PN 406070

Referred to as 1971 1st type; five spoke chrome center with area between spokes painted flat black and the rim painted gray or black; hub ornament with retainer and machine screws. This wheel will fit disc brake models. Stamped with 818 inside rim.

Introduced in 1971  
Option code PO5  
Size 14" x 7"  
PN 411210

Referred to as 1971 2nd type; five spokes, all chrome including rim with area between spokes painted flat black; uses hub ornament held in place by a retainer and machine screws.

## SS2 Wheel

Introduced in 1968  
Option code N66  
Size 14" x 6"  
PN 400422

Referred to as 1968 2nd type; whole wheel is painted gray with the area around the five center holes painted a brighter shade of silver; uses hub ornament held in place with machine screws; uses 14" trim ring.

Introduced in 1969  
Option code N66  
Size 14" x 6"  
PN 400422

Whole wheel is painted gray; uses five chrome bezels around the center holes; uses hub ornament held in place with machine screws; uses 14" trim ring. Stamped with 793 inside rim.

Introduced in 1970  
Option code N66  
Size 14" x 7"  
PN406069

Whole wheel is gray argent; uses five chrome bezels around the center holes; uses hub ornament held in place with machine screws; uses 14" trim ring. Stamped with 819 inside rim.

Introduced in 1973  
Option code N66  
Size 14" x 7"  
PN 409937

Whole wheel is painted gray; uses five chrome bezels around the center holes; uses hub ornament held in place with machine screws; uses 14" trim ring.

Introduced in 1974  
Option code N71  
Size 15" x 7"  
PN 417796

Whole wheel is painted gray; uses five chrome bezels around the center holes; uses hub ornament held in place with machine screws; uses 15" trim ring

Introduced in 1975  
Option code N71  
Size 15" x 7"  
PN 416614

Whole wheel is painted gray; uses five chrome bezels around the center holes; uses snap-on hub ornament package; uses 15" trim ring.

Standard equipment on the  
1969 Hurst/Olds  
Size 15" x 7"  
PN 890

Chrome rim with the center hub painted gray; uses hub ornament held in place with machine bolts; you can identify this wheel by the number 890 and the size 15 x 7JJ stamped into the metal somewhere on the rims.

## SS3 Wheel

Introduced in 1971  
Option code N67  
Size 14" x 7"  
PN406069

Whole wheel painted the lower body color; uses five chrome bezels around the center holes; uses hub ornament held in place with machine screws; uses 14" trim ring. Stamped with 819 inside rim.

Introduced in 1973  
Option code N67  
Size 14" x 7"  
PN 409937

Whole wheel is painted the lower body color; uses five chrome bezels around the center holes; uses hub ornament held in place with machine screws; uses 14" trim ring.

Introduced in 1973  
Option code N67  
Size 15" x 7"  
PN 417796

Whole wheel is painted the lower body color; uses five chrome bezels around the center holes; uses hub ornament held in place with machine screws; uses 15" trim ring

## Trunk Lid Weatherstrips

Since 1982 our trunk weatherstrips have been manufactured especially for us using only the finest quality black sponge rubber available. Our trunk weatherstrip will not absorb water like some currently on the market. This correct size extrusion lets you close your trunk lid with ease-fits all models.

## **“Original Brand™” 100% Correct Window Weatherstrips** (side glass sealing weatherstrips)

These 100% correct “Original Brand™” window weatherstrips are the right answer for the serious restorer. Our “Original Brand” window weatherstrips, (also called fuzzies) are just like your originals. The quarter window outer fuzzies even have the correct plastic rubbing blocks on the end, as did the originals. All of the outer weatherstrips have the correct window glass scraper. These are the only 100% as original window weatherstrips available. Compare these to any others and you will see the difference. The sets listed include four inner and four outer window weatherstrips and the necessary attaching hardware.

## Rubber Trunk Mat

This dealer installed rubber trunk mat was used to protect the original mat. This trunk mat was a "dealer installed only" option from 1967-72 and is prized by collectors for its rarity. Says "Oldsmobile" just like the originals and is a licensed and approved General Motors Restoration Part.

|-------|-------------|--------|------------|
| 68-70 | As Required | GTVV   | 29.00 each |

# Carburators: Correct Number, Correct Specification

We offer a full line of Quadrajets Carburetors for your Oldsmobile. These are correct number carburetors professionally built to the specifications for your car. They are not generic rebuilds built for multiple applications, like they sell at the auto parts stores. These units are all engine tested running fuel.

| <b>All</b>     | 455 Blue Engine Paint       | BP1111 | 19.00 |
| <b>1968-69</b> | Hurst/Olds Red Engine Paint | RP1111 | 22.50 |

## Cast Iron Spray Paint-13 oz. Cans

| YEAR       | APPLICATION           | PART # | PRICE |
|------------|-----------------------|--------|-------|
| <b>All</b> | Cast Iron Spray Paint | CP1111 | 9.50  |

# Engine Components

## Chains and Gears

Our super high quality timing sets are made by the OEM for General Motors, (except 11-144). They run quiet and will assure the longevity of your engine. All are complete three piece sets, featuring all steel gears.

| ENGINE  | YEAR         | APPLICATION                   | PART # | PRICE  |
|---------|--------------|-------------------------------|--------|--------|
| 330-350 | <b>64-75</b> | All                           | 11-140 | 49.00  |
| 400-455 | <b>65-74</b> | All                           | 11-142 | 59.00  |
| 403     | <b>77-79</b> | All                           | 11-140 | 49.00  |
| 455     | <b>75-76</b> | All                           | 11-140 | 49.00  |
| 330-455 | <b>64-79</b> | All-A true "roller" speed set | 11-144 | 139.00 |

## Crankshaft Woodruff Key

Keeps crank gear from spinning - always replace this high fatigue item when replacing the timing set. Fits all V8 64-77.

| PART # | PRICE |
|--------|-------|
| 11-146 | 5.95  |

## Timing Chain Cover

Timing Chain Covers corrode within the water pump mounting area. We recommend replacement when replacing the timing set. Fits all V8 64-74.

| PART # | PRICE |
|--------|-------|
| 11-148 | 89.00 |

## Harmonic Balancer

When ordering add desired size to the end of the part number. Rod bearings are sold per rod.

| ENGINE  | YEAR         | APPLICATION     | PART # | PRICE  |
|---------|--------------|-----------------|--------|--------|
| 350-455 | <b>68-75</b> | All except W-31 | 11-150 | 129.00 |

## Harmonic Balancer Repair Sleeve

Repairs balancers with a wear groove caused by the front seal. Stops oil leaks from worn balancers. Fits all V8 64-85

| PART # | PRICE |
|--------|-------|
| 12-076 | 12.95 |

## Harmonic Balancer Bolt and Washer

Fit all V8 64-85

| BOLT PART # | PRICE |
|-------------|-------|
| 11-152      | 9.99  |

| WASHER PART # | PRICE |
|---------------|-------|
| BW6481        | 4.50  |

# Engine Components

# Exhaust Systems and Parts

Our exhaust systems are made from 14 gauge Aluminized steel pipes and mufflers. Includes all standard clamps, and flanges. Please note: we do not supply the 66-67 442 chambered tailpipes at this time. All 66-67 orders will be shipped with standard tailpipes. Aluminized exhaust has several benefits over standard mild steel exhaust, that benefit both the show cars and the daily drivers. It is shiny like new steel and stays that way. It will outlast mild steel 20 to 1. These systems feature full sized mufflers for an original sounding exhaust note. Beware of those selling systems with undersized mufflers, they will make your muscle car sound like a vacuum cleaner! Muffler hangers sold separately. Original style tailpipe hangers are also available.

# Exhaust Systems and Parts

## 455 Dual Exhaust Manifolds

We try to maintain a good supply of the hard to find Dual Exhaust Manifolds for the different 1968-1972 applications. If you are in need of exhaust manifolds, please call 913-851-7977 to inquire about your needs. Please do not call the 800 number for these items as the operators have no knowledge of used parts inventory.

## 400-455 Dual Exhaust Carburetor Heat Stove

This carb air heat stove mounts on the exhaust manifold on 68 Hurst/Olds and all 1969-72 400 & 455 A-body applications. This is a beautiful, exacting hand made reproduction of a very difficult to find item. Made of a better grade of steel than the originals for longer life.

PART # HS455

## Chrome Dual Exhaust Extensions (Trumpets)

Every supplier will tell you their Chrome Dual Exhaust Extensions are the best. Are they really? Our Super Show Brand™ Dual Exhaust Extensions are made out of an alloy called inconel. Inconel is an alloy of nickel, chromium, and iron that is highly resistant to high temperatures and corrosion, making it a perfect choice for exhaust components. An added benefit of inconel is that it takes a beautiful chrome finish. Inconel is commonly used in helicopter and airplane exhaust applications. Mild steel trumpets just cannot take or hold a chrome finish like inconel does. If you only want to replace your trumpets once, buy yourself a set of Super Show Brand™ Exhaust Extensions from Brothers Automotive Products. Fits all 1968-72 442, Hurst/Olds, SX, and all other applications using the dual exhaust rear bumper.

*These Spring Rings are original Delco-Packard cables. They feature correct color and gauge cable, correct part numbers, hot wire pigtails, cable insulators etc. Don't confuse these with the cheap imported knock-offs. These cables are used on all 1964-71 models. 1972 used side terminals. If you're doing a top quality restoration these cables are a must! Order a set today and quit losing points because of those aftermarket replacement cables.*

*All of Brothers Automotive Product's Wiring Harnesses are 100% American made, and are positively the finest available. As seen on all the finest show cars. These harnesses are all new, not remanufactured. All harnesses feature the correct color coded wires and the original connectors, making installation fast and easy. These harnesses are so nice, if you're not careful, they will make the rest of your under hood detailing look bad. If you wish to replace all the wiring under the hood you will need an engine harness and a front light harness. Air conditioned cars will also need an A/C harness. Always disconnect the battery before installing a new harness.*

# Brake System Parts

## Front Brake Drums

These brake drums are for vehicles with front drums, both manual and power assisted. Drums listed are drums only, hubs are not included. You must reuse your original hub. All items sold per each. Lug nuts listed are standard lugs for use with standard wheels. See the wheel parts section for more lug nut listings.

| YEAR           | APPLICATION    | DRUM   | PRICE | STUD   | PRICE | NUT    | PRICE |
|----------------|----------------|--------|-------|--------|-------|--------|-------|
| <b>1964-67</b> | All models     | 26-002 | 97.00 | 26-006 | 1.49  | 26-010 | 1.19  |
| <b>1968-72</b> | See footnote 1 | 26-002 | 97.00 | 26-006 | 1.49  | 26-010 | 1.19  |
| <b>1968-72</b> | See footnote 2 | 26-004 | 85.00 | 26-008 | 1.39  | 26-010 | 1.19  |

Note: (1) Use for all models with the hub and drum pressed together. New studs must be used when replacing the drum. (2) Use for all models with separate hub and drum. New studs are not required for replacement of the drum. Hint: The two 1968-72 styles can be identified by how the drum is removed. With the pressed together style, the drum and hub are removed as an assembly, along with the wheel bearings. With the separate style hub and drum, the drum can be removed by taking off the wheel and tire.

## Rear Brake Drums

These rear brake drums are for vehicles with front discs or drums, both manual and power assisted. You must re-use your original hub. All items sold per each. Lug nuts listed are standard lugs for use with standard wheels. See the wheel parts section for more lug nut listings.

| YEAR           | APPLICATION          | DRUM   | PRICE | STUD   | PRICE | NUT    | PRICE |
|----------------|----------------------|--------|-------|--------|-------|--------|-------|

# Brake System Parts

## Front Brake Rotors

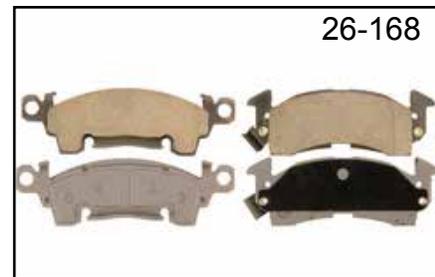

These brake rotors are for vehicles with front disc brakes, both manual and power assisted. All include the hub. All items sold per each. Lug nuts listed are standard lugs for use with standard wheels. See the wheel parts section on page 27 for more lug nut listings.

| YEAR           | APPLICATION | ROTOR      | PRICE  | STUD   | PRICE | NUT    | PRICE |
|----------------|-------------|------------|--------|--------|-------|--------|-------|
| <b>1967-68</b> | All models  | 26-012 (1) | 139.00 | -----  | ----- | 26-010 | 1.19  |
| <b>1969</b>    | All models  | 26-014 (1) | 59.00  | 26-020 | 1.39  | 26-010 | 1.19  |
| <b>1970</b>    | All models  | 26-016 (2) | 59.00  | 26-020 | 1.39  | 26-010 | 1.19  |
| <b>1971-71</b> | All models  | 26-016     | 59.00  | 26-020 | 1.39  | 26-010 | 1.19  |
| <b>1973-77</b> | All models  | 26-018     | 69.00  | 26-022 | 1.19  | 26-010 | 1.19  |

Note: (1) The original 1967-69 rotors were a two piece design. Part numbers listed are a one piece replacement style. (2) Some very early 1970 models used one piece rotors. Part number listed is a one piece design that will replace either style used in 1970.

## Front Disc Brake Pad Sets (new-does both wheels)

| YEAR           | APPLICATION                                     | PART # | PRICE |

## Front Caliper Assemblies

These assemblies are for all cars with front disc brakes. The 67-68 calipers have stainless steel sleeves and are new. 1969-77 calipers are complete rebuilt assemblies and each one is pre-tested for trouble free performance. All rebuilt calipers are sold on an exchange basis. Please note: caliper cores with worn or elongated mounting holes, broken ears or damaged castings are not acceptable. Please be sure to drain all brake fluid before returning cores!

Notes: (1) Rebuild kit only. Fits only 71-72 W-30 with 1" bore. (2) Single Bail Design. See Illustration. The originals were dual bail. (3) Early 70 models had dual bail covers. This cylinder is 100% correct for 70 1/2 thru 1972.

# Brake System Parts

## Power Brake Boosters

These NEW Delco Moraine power brake boosters all include a new vacume check valve, the master cylinder plunger rod, a new booster sleeve and the pedal clevis pin assembly. These 100% correct GM licensed boosters feature the correct Delco Moraine stampings and the correct yellow dichromate color. The color is far more long lasting that the rusty, replated junk sold by some. Don't risk your life to a replated booster thats been reassembled with used diaphragms. Go all new and be sure of your safety.

# Steering and Suspension Parts

*All chassis parts are made by the original equipment supplier to Oldsmobile. Why drive on inferior foreign components when you can have the original equipment?*

## NOS Front and Rear Stabilizer Bars

These NOS Front and Rear Stabilizer shafts will help to reduce body sway and improve handling. These bars fit all Cutlass/442 models.

| YEAR    | APPLICATION    | PART #  | PRICE  |
|---------|----------------|---------|--------|
| 1968-72 | Front Sway Bar | FSB6472 | 99.00  |
| 1964-72 | Rear Sway Bar  | RSB6472 | 119.00 |

## Exact Factory Matched Coil Springs

GM used what seems like a million different springs to get the handling on their cars fine tuned. These are the correct springs for original applications made to the manufacturer's specifications at the very best prices available. We can provide exact match coil springs for any GM car. Please advise make, model, body style, year, engine size, transmission type, with or without A/C, performance packages, and front or rear springs. If you want heavy duty for say your plane-jane Cutlass, we can do that also. Coil springs are made to your special order and are exact for your car. Please allow 3 days build time.

| YEAR    | APPLICATION                                    | PART #  | PRICE      |

## 1972 Hurst/Olds Pace Car Stripes, Decals, and Emblems

These 1972 Hurst/Oldsmobile Stripe Kits feature the correct fade effect which was previously unavailable. There are no unsightly lines where the fade effect stops-others on the market can not make this claim. Stripes are on the heaviest highest quality reflective gold material, and also feature the correct white lines. These are our Brother's Automotive Exclusive *Super Show Brand™* product. Don't settle for a less than perfect, or off brand stripe set for your car. *Please note - We do not wholesale this product.*

## 1971-1972 442 Hood Stripe and Stencil Sets

These 1971-1972 442 hood stripes are for non ram air cars only. This previously unavailable stripe set perfectly replaces the original. Until now the only way to re-stripe the hood on your 1971 or 1972 442 was to tape off the hood and paint the stripes on-very time consuming and not very exacting. It's no wonder GM put tape stripes on these hoods at the factory. As with all of our *Super Show Brand™* stripe products, these kits are on the highest quality materials available. Note: We do not wholesale this product. Inquire if you need a color other than those listed. For those of you who wish to paint your stripe on, we also offer the stencil kit.

*\*These kits are for NON-Ram Air cars only.*

## 1970-72 W-30 and W-31 Stripe Stencil Kits and Stripes

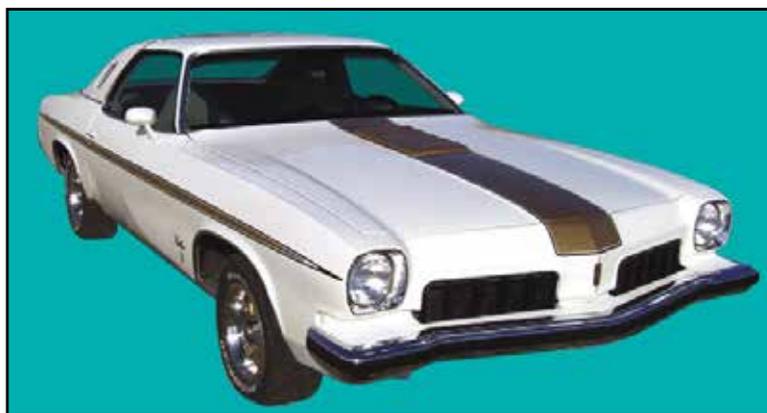

1970-1972 W-30 and W-31 cars originally had the hood, body side and trunk stripes painted on. For those of you who wish to paint your stripes on as original, we offer these stencil kits. For those of you who prefer a vinyl stripe, we have the following stripe kits. Does the fenders, doors, quarters and trunk. Either way is much cheaper and more correct than having your body man try to lay them out with masking tape. Colors other than black or white are special order-allow 3 additional days for delivery.

## 1976-77 442 Stencil and Decal Kits

The 1976-77 442 cars originally had the 442 painted on the doors with a vinyl decal on the trunk. These stencil and decal kits come with the paint stencils for both doors and the vinyl decal for the trunk. If you would prefer to paint the trunk on like the doors, just order the stencil/stencil kit listed last in this section.

# Manuals and Literature

## 1965 to 1977 Assembly Manuals

These Factory Assembly Manuals are the books the factory used to assemble your car when it was new. If your trying to do a correct restoration, you need an assembly manual. Assembly manuals show virtually every nut, bolt, wire, hose, etc., in the whole car. When you want the paint code for those interior parts or need to know how to run that fuel line correctly, these manuals are an invaluable source of Factory Correct Information. Great for car shows. Each page is a line drawing with part numbers and torque specs for each part. Includes charts for everything like paint codes, shocks, springs, interior combinations, etc. If you plan on doing a correct restoration you need a Factory Assembly Manual.

**\$29** 1965 to 1975  
State Year  
each

## Convertible Top Manuals

| PART NUMBER | APPLICATION                    | PRICE |

# Ordering Information

## Ordering Instructions and Shipping Charges

Following are the instructions for ordering from us, and our shipping policy. Please call 1-800-442-PART (7278) or 1-913-764-0403 to order. Or you can fax or mail a printout of our order form.

### Prepaid Orders:

We accept Cashiers checks, Money orders, Business Checks and Personal Checks. We reserve the right to hold personal checks for clearance. Orders paid by cashiers checks and money orders are processed the same day we receive them.

### Credit Card Orders:

We accept Mastercard, Visa, and Discover Cards.

### Shipping Charges:

Appropriate shipping and insurance charges will be added to your order and billed to your card. If you wish to send in a prepaid order, please call 1-800-442-PART or 1-913-764-0403 with your order for accurate shipping charges.

### Truck Shipments:

Extra large or heavy items must be shipped by truck. In most cases we ship on UPS Freight. We ship alot of truck freight, and we are centrally located in Kansas City. As a result, in most cases (depending on where you live) we can ship truck freight at a 50% discounted rate and save you some money over the other guys.

### Shipping And Deliveries:

We ship UPS daily. We ship most orders within hours of receiving them. Please note: we must have a street address or rural route to ship to. UPS will not accept deliveries for P.O. boxes.

### Canada And Foreign Order Charges:

All orders should exceed \$50.00 and are charged for surface shipping and insurance. Air shipping is available at extra cost. All customs and brokerage fees are the responsibility of the customer.

### Price Changes:

We reserve the right to change prices, substitute brands, or to discontinue products without notice.

### Damaged Merchandise:

All orders are insured with our VIP insurance program. Open and inspect your parts the day they arrive. If your package is obviously damaged, refuse the shipment. The shipper will return the parts to us, we will ship new parts to you and we will file the claim with the carrier. If you have already accepted the package do not discard the box or packing materials. Call us at 1-800-442-PART (7278). Most often, the carrier will pick up the package from you and return it to us. All you will have to do is repack the damaged item in the original carton, with the original packing material. Do not return damaged merchandise to us-notify the carrier first.

### Warranty And Return Information:

All parts carry a warranty limited to the repair or replacement of parts, at our option. We are not responsible for defects in any product. This is the sole extent of any warranty.

You must call us at 913-764-0403 to recieve a return authorization number before returning items. Return Authorization Numbers and customers name must appear on the front of your return package. All returns must be sent UPS prepaid. No COD returns will be accepted. All returns must be made within 30 days of purchase date. All returns are subject to a 20% restocking fee unless there was a shipping or manufacturing error, but this is very rarely enforced. No returns on used parts, special orders, printed materials, electrical items, tools or auctions.
